	ReWrite Speed	DVD+RW DVD-RW	8X maximum 6X maximum
	Random Access Time	200ms	
CD Family	Write Speed	CD-R	48X maximum
	Read Speed	CD-ROM	48X maximum
	ReWrite Speed	CD+RW	24X maximum
	Random Access Time	140ms	

Vinpower co-developed with Plextor a new industrial grade high performance optical disc drive (ODD) with Japanese level manufacturing performance, for duplication market.

Advantages of Plextor PX-891SAF:

1. Created a fixed BOM design by ensuring the main ODD components will not change due to cost down efforts, maintaining quality and reliability.

2. Maintains excellent burning quality and speed while preventing donut ring.

3. Supports 4X DVD burning speed for the best burning quality.

4. Plextor ODD was the original standard bearer in best Duplication burning quality. The PX-891SAF represents the original "Plextor Quality" is back!
