**Duplicators efficiently make multiple copies of CDs and DVDs**

Xerox DVD/CD and Blu-ray Duplicators are manual tower units that feature one to 15 writer drives, each of which operates independently of a PC. Each model allows users to transfer image files directly from a PC to the duplicator's internal hard drive, saving users time and effort usually required to produce a master disc for each project. Up to 256 MB buffer memory for stable and reliable high-speed duplication with reduced occurrence of buffer under-run errors.
